### The FRCC and the B-40

The Flying Rhino Cycling Club (FRCC) was founded as a 15-member bicycle racing team in 1982 by Kinetic Systems owners Jeff Noftz and Louise Kasl. The Club has since grown into a diverse group of over two hundred fitness-minded women and men of all ages. The Club's mission statement (*to encourage and help facilitate participation in the sport of cycling on any and every level*) reflects the growth that our Club and the sport of cycling has enjoyed in the past several years. To attain our goal, the FRCC offers many different events and activities to any and every rider. The Back-40 is one such event.
